- *New friends, families and faces
- *Calendar
- *Project: 26/2/18
- *Hairstyles and uniforms
- *Scrabble
- *Grades 5 and 6 exams
- *Friendly reminders

MARBLE WORDS

We, in Zion (DMS) shall rejoice because '...the Lord has made all things new' for us. We shall feed of the fattest yields of the land. We shall blossom and know no limits for we are the delights of the Lord. AMEN.

Dear Parent, **SPRING TERM 2018, ISSUE 1** Friday, 12th January 2017

A very happy New Year to you. How the years just roll by throws one into bouts of excitement and anticipation. Every New Year arrives with new plans, resolutions, and sometimes a few revolutions. It is a prayer that 'all things will work together for our good' this year.

*We celebrate, with sheer delight, all our new families, friends and faces; welcoming them to the DMS family. We look forward to the expression of smiles on your faces as we achieve our transformational agenda on your children.

*The calendar for the term has been attached with this email. Please keep the dates in mind and do your best to attend all school sponsored events. Your children are always looking forward to seeing you at their events: cheering and supporting them.

*This term, your child will choose a project topic through a ballot system. Each child is expected to complete at least ONE project but can opt for more if so desired. The project submission deadline for the term is Monday, 26th February 2018. Project plays a crucial role in the child's final result at end of term. Therefore, we solicit a great measure of attention paid to it. Your child's project topic will reach you by Wednesday, 17th January 2018, after which he or she will have at least 6 weekends to complete the project.

*The girls' hairstyles for the term has been mailed as well. Please keep it close to you so your daughter can come to school properly adorned. Having a child looking different to others usually robs them of confidence. Please help stave off this.

*Special thanks to parents who donated scrabble boards to primary classes. More donations are welcome as we hope to produce national scrabble competitors soonest.

*This term, our children in Grades 5 and 6 will be sitting for various entrance examinations (private, federal, mission, and their international primary certification.) Sights are set for nothing short of 100% success rate. God will help us.

*We extend profound appreciation to parents who have settled their children's school fees. That cooperation empowers us to meet our obligations. We plead with parents who have yet to do so to quickly tidy this up; thanking you in advance.

Our offices are open. Come in and share your concerns as well as ideas. God bless you.

ISAAC EKENO (Head: Curriculum/Primary Education)
