MARBLE WORDS

And we shall rejoice and be glad for "the joy of the Lord is our strength." He has promised to "bless our going out and coming in". Amen.

Dear Parent, SUMMER TERM 2019, ISSUE 1 Friday, 3rd May 2019

The Easter celebrations are over and we are glad because the death and resurrection of Christ gives us life and hope of a better tomorrow. As it is in life, the cycle must continue. One inevitable ingredient of that cycle is EDUCATION. Therefore, we are delighted to have all our lovely children back in school.

*The calendar for the term has been attached with this email. Please keep the dates in mind and do your best to attend all school sponsored events. Your children are always looking forward to seeing you at their events: cheering and supporting them.

*It is the last term in this academic session (2018/2019). Your child is already gearing up to climb the next rung of the ladder. As a school, we are very proud of them and will be rewarding all those who have thus far worked hard. In the same vein, we shall be graduating our master blasting **exams class students**, the jolly **Foundation 2 students**, and the flitting **toddlers**. This year, all our graduating students have made us extremely proud.

*The Early Years classes will need your involvement in their Special Week. Based on the theme: **Community Helpers**, your child may be asked to dress in a particular professional costume. Do oblige us, please. And try to take part in the final presentations.

*As agreed at our last PTA meeting, we want all DMS children to be fed a portion of fruit daily. Therefore, kindly send your child to school with fruit on a daily basis. The children will henceforth observe fruit break at 10am every day. This effort is to encourage healthy dieting in children. Help your child achieve this.

*We wish to plead that parents who bring their children to school should NOT make a turn in front of the school's gate. This awkward practice usually creates serious danger due to the busy nature of the street by morning. It is advisable to drive forward before making a turn.

*We would like to take a moment to appreciate parents who have already fulfilled their school fee paying obligation. Our cost elements are really huge and we are obligated to meet them as well. Therefore, parents who have not paid, should try to sort theirs within time so as to enable us continue to provide the service of world class education to our darling children. Your understanding and timely cooperation are appreciated.

Our offices are open. Come in and share your concerns as well as ideas. God bless you.

ISAAC EKENO (Head: Curriculum/Primary Education)

We meet the unique needs and cultivate the individual talents of each child
